## Camp Opportunities

<p>Imagineering Camp</p> 	<p>Robotics Camp</p> 	<p>Drone Camp</p> 	<p>Space Camp</p> 	<p>Marine Biology Camp</p> 
<p>June 12-15 and June 19-22</p> <p>Imagineering in a Box is designed to pull back the curtain to show you how artists, designers, and engineers work together to create theme parks. In this camp, we will go behind the scenes with Disney Imagineers and complete project-based exercises to design a theme park of your very own. This four-day camp concludes with a trip to Disney's Magic Kingdom!</p>	<p>June 5-8 and July 3, July 5-7</p> <p>This camp will provide you with hands-on activities in design engineering and computer science. You will participate in daily team building activities and participate in daily team challenges to help you develop skills and knowledge to complete the culminating project of designing a solution for a problem. You will be given your own robotics kit to take home.</p>	<p>June 19-22 and June 26-29</p> <p>Learn to safely fly drones in this four-day camp focused on small drone operations! You will fly drones in an obstacle course, a croquet challenge, capture the flag competition, drone soccer, drone detective, drone olympics, and more. After passing the TRUST certificate exam, at the end of the week you will be given a drone to take home.</p>	<p>June 26-29 and July 3, July 5-7</p> <p>Come explore the world beyond! You will learn about our solar system, train like an astronaut, and build a model satellite. We will also take a peek into a day in the life of an astronaut, and you will even get to try astronaut food. At the end of the week, we will visit NASA's Kennedy Space Center to see the visionary designs paving the way for human space travel.</p>	<p>June 5-8 and June 12-15</p> <p>This hands-on learning camp will reveal life in the ocean in a completely new way. You will learn all about marine life and how humankind impacts the ocean as a whole. You will have the opportunity to perform dissections on a variety of marine life, and even get to experience SeaWorld at the end of the week! You will be left with many memories and a new outlook on the body of water that covers half of our planet's surface.</p>

You may apply to attend more than one week of STEM camp, but acceptance will be based upon eligibility. You do NOT have to attend all five weeks of camp. The list of dates for each camp is provided on the following page.

## Read and sign

I understand that space is limited, and I may not be selected to attend the week(s) I requested. If I am selected to attend any of the summer STEM camps, I understand that I am committing to attend **all four** days of camp. If I do not attend every day of the week, I will not be allowed to attend the field trip or receive the drone or robotics kit to take home. If my circumstances change and I am unable to attend the week I am selected, I will contact the school in advance in order to ensure that another student has the opportunity to attend.

I also understand that if the school is unable to reach my parent/guardian to confirm my attendance prior to camp, my name will be removed from the list in order to provide an opportunity for another student to attend.
